With F.M.L.

What looked like a gigantic Christmas tree going by the other day proved to be a city truck with dozens of discarded Christmas trees.

Always wondered what happened to all those trees, set out of the house a few days after Christmas and picked up and carried away, a good idea because they are so combustible.

113-113-113

Looking back over the events of 1972, it would seem the past year was about as busy throughout the Cameron and Milam County community as this population could handle.

It would also seem that what's "past is prologue." Things tend to cycle, not exactly perhaps, but similarly. There should be plenty of community development this 1973.

113-113-113

There is a TV presentation 9 p. m. Friday on Channel 6 which opens up a whole new public area on astronauts.

A writer by the name Erich von Daniken in two recent books has postulated the theory that ancient astronauts had a lot to do with otherwise inexplicable developments in old civilizations.

He says in his books "Chariots of the Gods?" and a sequel volume that evidence supports his theory that ancient astronauts visited the earth ages ago and altered primitive man's life.

Could be. It should be an interesting show.

113-113-113

A Reuter story in your Herald of January 1 tells about skiing in sight of the Sahara Desert at Marrakesh in North Africa.

This reminds of the "Indiana Dunes" on the shore of Lake Michigan. The sand is, or was, so fine it was possible to sled down the sandy slopes on a board, like skis.

The "White Sands" at Almagordo, N. M. are as clear and fine and on incline as smooth as snow.

Happy New Year!

2 Charged For 'Pot' Violation

Two Fort Hood soldiers were arrested in Cameron Saturday and charged in Justice of the Peace Jess Brock's court with possession of marijuana.

City patrolman Wayne Brinkley and Sgt. Ken Butler arrested Larry Joe Prine, 18, and Dale A. Fox, 23, on East First Street. Both of the soldiers gave their address as B. Co. 502 S&T Battalion, Fort Hood.

They were both released after posting \$2000 bond.

First Baby

Madeline Rios Mendoza, a 6 pound, 13 ounce girl, was the first baby born in Cameron in 1973.

Madeline, daughter of Mr. and Mrs. Manuel R. Mendoza of Buckholts, was born at 7:02 p.m. January 1 at St. Edward Hospital.

POST-CHRISTMAS LOAD - Virgil Pevehouse, left and Owen Bracken, city employees, were busy gathering Christmas

trees from yards across town Wednesday, some with limp icicles still waving in the breeze.

Bloodmobile To Visit Cameron Wednesday

The Central Texas Red Cross Bloodmobile will make its first visit of the new year Wednesday, January 10, seeking a quota of 73 units in Cameron.

Hours will be from 12 noon to 6 p.m. at Methodist Fellowship Hall, according to Mrs. Glenda Moseley, blood program chairman.

"With half the town sick these days, we may not be able to meet our quota," Mrs. Moseley said, "and everyone who can give a pint of blood is urged to come on Wednesday."

The past holiday season made a big dent in the center's blood supply, and a shortage now exists, she added.

Attention is being called to the fact that local hospitals use only volunteer blood, and no purchased blood is used. This is by far the safest way to receive blood, according to experts in the field.

Ralph Nader, America's foremost consumer defender, writing in a recent magazine article said that some experts estimate that we could eliminate 90 percent of the cases of serum hepatitis if, when transfusions are needed, we used only blood donated by volunteers.

He cited cases of blood being purchased from derelicts who carry the germ of hepatitis in their blood, which is then transferred to the patient who receives the blood.

According to Nader's statistics, Milam Countians are among the lucky

ones who will receive volunteer blood from the Red Cross when it is needed, whether in or out of the county.

This will hold true as long as cities, including Cameron, meet their quotas when the bloodmobile comes.

2 Yoemen Make Cen-Tex Team

Yoemen Randy Tumlinson and Mike Trdy were named to the Temple Daily Telegram's All Cen-Tex Team for 1972.

Guard Tumlinson, 165 pound senior, was listed on the team's offensive squad and Trdy, 185 pound senior lineman, was named to the defensive squad.

They were chosen from the 21 teams within the Telegram circulation area.

Hunt Continues For Nazis Who Killed Czechs

By Marcus Ferrar

BANSKA BAYSRICA

The hunt goes on for Nazis who killed 3,900 men, women and children in this central Slovak town 28 years ago.

It centers on the activities of 100 men of a German punitive squad--Einsatzkommando 14-- sent into Slovakia after partisans staged a bloody, but abortive revolt against Hitler's puppet Slovak government in 1944.

The squad wreaked a terrible vengeance, slaughtering wounded partisans, Jews, children--anyone suspected of having even the slightest connection with the uprising, in which the then-clandestine Slovak communist party took a leading role in the annals of the nation. Czechoslovakias communist rulers flew foreign correspondents from Prague to this Slovak town which held out for three months against Ge-

rman attacks.

The names of the members of the Nazi killer squad have been sent by the Czechoslovak commission for prosecuting Nazi war criminals to the West German authorities in the hope they will be brought to justice.

Commission officials say they hope action will be taken by the Bonn authorities once Czechoslovakia and West Germany agree on a treaty normalizing their relations.

Documents and other material about other Nazi war crimes handed over to the West German justice authorities in the past have produced little or no results, commission members say.

The Czechoslovak authorities know and have published the name of the Nazi punitive squad commander. He was Hauptsturmfuehrer Dr. Heuser.

Heusers' deputies have been named as Deffner, Hosback, Preyer, Ramthun and Robert Wich.

Commission officials say their investigations have revealed for the first time the names and units of the Germans responsible for the mass killings. They say there is no doubt that the victims were largely selected arbitrarily by the Germans acting on their own initiative.

But where are the guilty men now--27 years after the end of the war?

The commission says it does not believe the Nazi killers are in East Germany. It assumes they can be traced in West Germany, but the commission admits it doesn't know if any of them are still alive.

In Banska Bystrica, which was the headquarters of the 1944 revolt, stands a permanent memorial to the up-

rising.

A boat-shaped museum, split in half along its keel to symbolize Czechoslovakias' post-war revolution from capitalism to socialism, was opened in 1969.

Black curtains sweep across a vast expanse of windows while music floods the entrance stairs as visitors are presented with a saga of revolutionary history through a dazzling mixture of films flickering across a dozen separate screens.

The subliminal effect is duplicated at various stages of the exhibition area with displays of photographs, documents, partisans uniforms and weapons. The communist role in the uprising is emphasized.

Irony breeds through with the depiction of men involved in Slovakia's recent turbulent history who were the leaders of the wartime revolt against the Nazis.

Rains Boost Future Crops

Rains that kept farmers out of the field in December and the first week of 1973 should be a help when spring planting begins according to County Agriculture Agent Bill McCutchen.

The Cameron area recorded 87 inches of rain in December, below normal compared with recordings of the past 10 years but far ahead of the drought period of 1970-'71 when less than 1 inch of rain fell from Nov. 1, 1970 through January 31, 1971. Total rainfall for 1972 was 33.16 inches. Average annual rainfall for Milam County is 33.85.

Monthly rainfall totals for 1972 were:

MONTH	RAINFALL
January	1.96
February	.46
March	1.35
April	2.28
May	6.00
June	2.16
July	3.41
August	1.63
September	3.84
October	6.51
November	2.69
December	.87

McCutchen said farmers are looking for some dry days now so that they can get herbicides and fertilizer in the soil for spring planting. He said most of the cotton crop had been harvested before the recent rains, however cold weather that accompanied the rains had kept small grains from producing much for grazing.

December rains since 1960 have ranged from a heavy 6 inches recorded in 1960 to the low .77 in 1970. City records show the following rainfall totals for December since 1960:

DECEMBER	RAINFALL
1960	6.00
1961	3.97
1962	2.91
1963	2.13
1964	1.18
1965	3.92
1966	1.10
1967	2.45
1968	1.03
1969	4.32
1970	.77
1971	5.02
1972	.87

Forms In Mail For Vehicle License Renewal

AUSTIN

The first of 7.5 million renewal applications from the Motor Vehicle Division of the Texas Highway Department were dispatched from the Post Office's facilities in Dallas on December 31.

Owners of motor vehicles should be receiving the renewal applications -- for obtaining 1973 Texas license plates -- early in January.

The actual motor vehicle registration "season" at county tax offices does not begin until February 1.

However, vehicle owners may go ahead and order their license plates by mail immediately.

All that is required is to send the entire renewal application, the registration fee and \$1 for each vehicle to be registered to the local county tax office. License plates will be returned by mail after registration begins formally on February 1.

Vehicle owners should allow at least 30 days for processing and delivery. The application should be sent to the Milam County tax office -- not to the Texas Highway Department.

License plates can be obtained in person at county tax offices and designated sub-stations beginning on February 1.

In any case, registration will go faster if the owner leaves the three-part form intact and does not separate any of the three parts.

Deadline for displaying 1973 license plates is midnight, April 1.

Symphony Tickets Are Available At CofC

Reserved seat tickets are on sale at Cameron Chamber of Commerce for the January 16 performance of the Dallas Symphony, according to Chamber President Don G. Humble.

Tickets are available in Rockdale at Rockdale State Bank, according to Harold Luckey, bank president.

Tickets are available in Temple through the Cultural Activities Center, which is sponsoring the attendance of 200 members at the evening performance.

Tickets are all reserved seats and are \$3 each, for the evening performance of the 80-piece symphony at Cameron National Guard Armory.

A student performance is scheduled at 1:30 p.m. that day for public school students from area public schools. Student tickets are \$1 each.

Co-sponsors of evening performance are Temple Cultural Activities Center and the Cameron Chamber of Commerce.

Last week a grant for \$1,000 toward the return of the Symphony to Milam County was announced by the Alcoa Foundation. Texas Fine Arts Commission also has committed \$2,500 toward the Symphony's return concerts here.

Kenneth Meine, Dallas Symphony Assoc., general manager, said programming for the afternoon student performance will be announced early next week.

Invitations have gone to Rockdale, Rosebud and other Milam area schools to attend the afternoon student performance. Tickets are \$1 per student

ANSHEL BRUSLOW
Symphony Conductor

through area public schools. Area high school bandmen are taking an interest in the performance.

The evening performance will include Strauss' "Tod und Verklarung", Symphonic poem, Opus 24; Mendelssohn's Symphony No. 4 in A Major, Opus 90; Stravinsky's six part "Firebird Suite" and Berlioz' "Roman Carnival Overture," Opus 9.

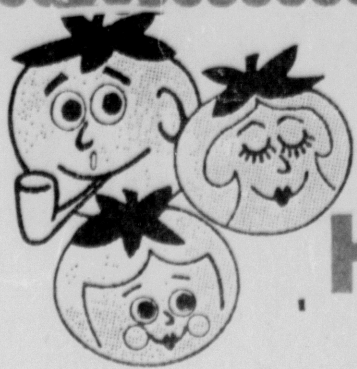

SCOUT AWARD - James Thompson, left, son of Mr. and Mrs. Jimmy Thompson of Cameron, receives a new pair of cowboy boots from Ron Derry, right, Texas district Scout executive while James' Scoutmaster Felix Matula looks on. The boots were the award for recruiting seven new boy scouts for Troop 752 between August 1 and December 20. Some 38 units in the district participated in the campaign.

Symphony Deserves Support...

Tickets are on sale at Cameron Chamber of Commerce for the evening performance of the Dallas Symphony January 16 at Cameron National Guard Armory.

Only about 400 seats remain as a block of 200 tickets is going to Temple and another 100 to Rockdale.

Dallas Symphony is making a second appearance in as many Januarys in Milam County. Broad support throughout the Milam area is making this possible.

As a civic educational and cultural development, this is

an excellent example of what non-Metro Texas can do to bring fine music and talent to its threshold.

It is worthy of support because of the calibre of the music and the co-operation generated in a broad area for the orchestra's reappearance.

We join in inviting your support for this event for numerous reasons. A major orchestra and its music is a bargain at \$3 per reserved seat, considerably less than what audiences would pay in Dallas or Houston or San Antonio.

Protest Ill Timed...

The New Orleans federal appeals court ruled that a temporary injunction was properly denied in a lower court and construction continues at Laneport and North San Gabriel dam sites.

A final hearing will be held in U. S. District Court, Austin, to determine outcome of the ecology groups' appeals to stop dam construction.

The Audubon Society, Texas Explorers Club and a group called Save Our Streams contend land will be condemned which would adversely affect the area and that the area is a habitat for rare birds and wildlife in the area.

The Laneport Dam site is approximately 13,000 to 15,000 acres, much if not most of which was farmland or hilly

grazing land. Reason it took so long for the dam to develop there was that landowners protested long over the land being inundated by a lake.

Half or about 6,000 acres already have been purchased. Little if anything over the 25 to 30 years duration of this issue was said about ecology, for birds, wildlife or the land.

When a project of this dimension is already half begun after 25 years or more, and the other half is developable within a year, and when the opposition is one which did not exist when the dam was actually laid out, some 5 or 6 years ago, it would seem a safe bet construction will continue.

The protest is ill timed, even if it has validity. It will be good to settle the issue.

Park Plans Move Ahead

Texas Parks and Wildlife Department, over protest of some landowners, plans to add another 550 acres to the Lyndon B. Johnson State Park along the Pedernales River near the former president's ranch.

The P-W Commission also approved buying 554 acres at Bryan Beach two miles southeast of Freeport in Brazoria County for a third Gulf Coast Beach Park.

A master plan for development of Mustang Island as a state park is being prepared and is expected to be presented to the Commission in about two months.

Meanwhile, Dallas County commissioners ordered a study to determine possibility of converting 603 acres of federally-owned land at Seagoville into a state park.

APPOINTMENTS

Charles G. Purnell of Dallas has been named as executive assistant and chief advisor to Gov. elect Dolph Briscoe.

New Attorney General Hill picked Larry York of Houston as his executive assistant and Mary Jane Bode of Austin as his press secretary.

tary.

B. R. Fuller was named by Governor Preston Smith as executive director of the Department of Community Affairs in the governor's office. He has served as city manager of Eagle Pass and San Marcos.

Charles Freeman of Pleasanton was reappointed by Smith to the Evergreen Underground Water Water Conservation District.

GAS ORDER EXPECTED
A Railroad Commission order setting priorities for use of natural gas when supplies are short is due to be entered by mid-January.

At a hearing here November 30, two Commission officers examined views on gas curtailment. They later made recommendations (as yet not disclosed) to the three-member Commission. Opposition to a statewide standard of priorities was expressed at the hearing. Testimony was also offered in favor of granting priorities to homes, schools and hospitals in time of drastic shortage.

INAUGURAL DINNER SET
Democrats will celebrate inauguration of Governor Briscoe and Lt. Gov. Bill

Hobby at a combination fundraising and party victory dinner January 15.

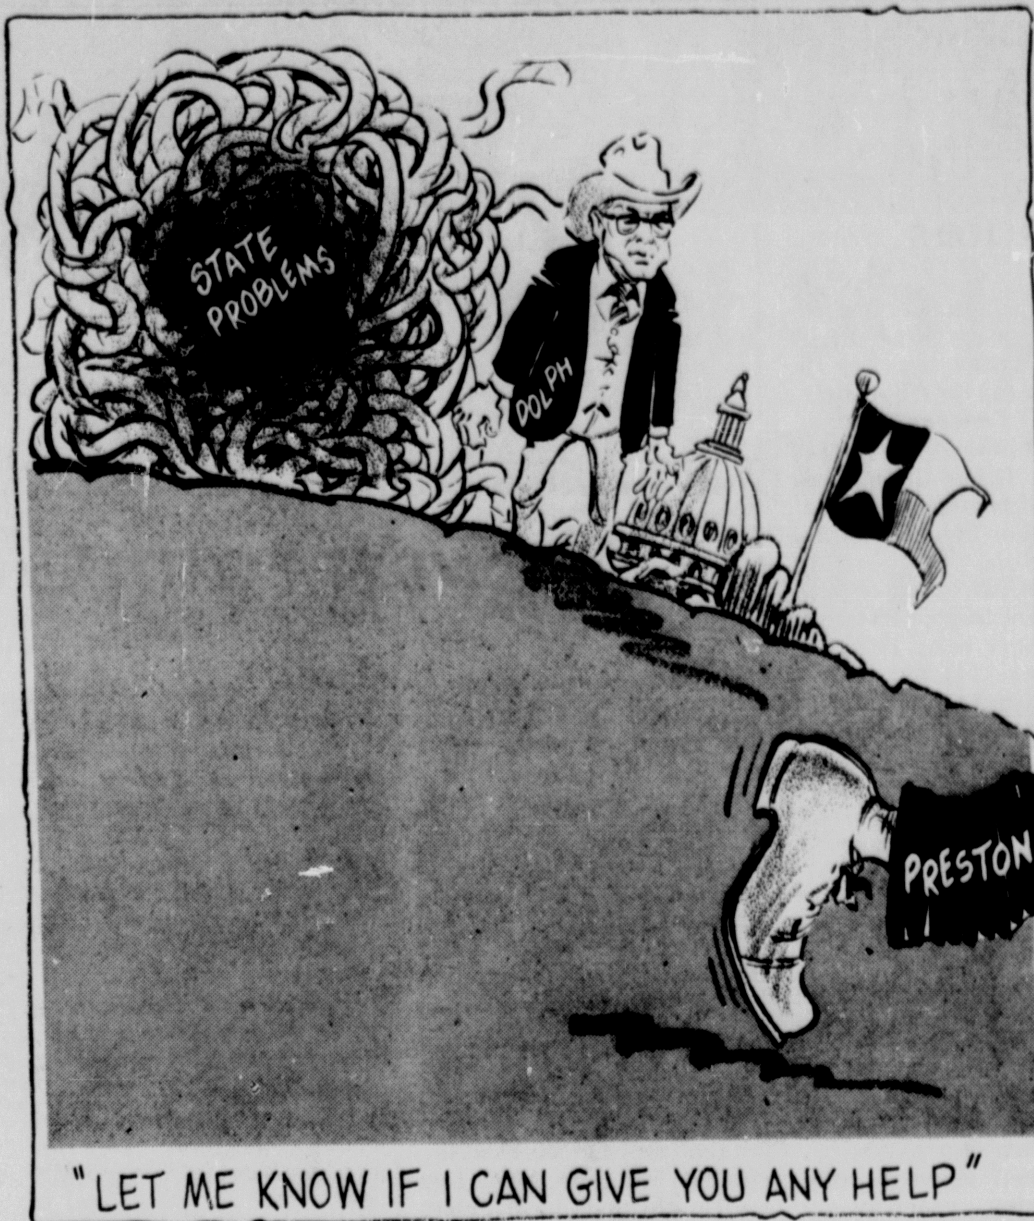

The \$25-a-plate dinner will offer entertainment by Danny Davis and the Nashville Brass and talks by Briscoe, Hobby and new National Democratic Chairman Robert Strauss. State Democratic Chairman Calvin Guest of Bryan will be master of ceremonies.

AG OPINIONS
Local political subdivisions may call for elections on granting homestead property tax exemptions (not less than \$3,000) to persons over 65 on petition of 20 per cent of voters. Atty. Gen. Crawford Martin held.

In another recent opinion, Martin concluded that the State Air Control Board is among three state agencies having responsibility for feedlot waste stockpiling, along with Texas Water Quality Board and the Texas State Department of Health.

Happy Hearth

Revive a fireplace with an H-shaped mantel of dark-stained 2x10-inch planks, filling in above with lighter toned western pine or hemlock paneling. Resawn boards and do-it-yourself distressing add rustic charm.

New Legislators To Face 'Mountain Of Problems'

By Bill Boykin

Texas legislators, with new leadership in both houses and a swarm of first-term members, report here January 9 for their expected history-making regular session.

They face a mountain of problems, the magnitude of some still unmeasured.

Revising the present method of financing public schools education stands at the top of the list -- depending on a U. S. Supreme Court ruling yet to come.

If the High Court upholds a three-judge federal court ruling in San Antonio just over a year ago, lawmakers are under orders to revise the present system which is keyed to property taxes. A reversal could allow more time, but the State Board of Education is expected to vote January 13 for a complete state financing of basic education costs spread over a period of several years, regardless of the Supreme Court decision.

Lawmakers are hopeful of avoiding a major tax fight, but again the school finance case may completely upset those hopes.

Among other major items for legislators' consideration are these:

*Reform of the legislative process itself and state government in general, including a new code of ethics law, a revised lobby control act and revision of campaign finance reporting requirements.

*Overhaul of state election laws to provide a new method of financing party primaries and possibly moving voting dates for primaries.

*Court reform.

*Redoing the legislative and congressional redistricting of 1971.

POLLUTION MAJOR JOB

Atty. Gen.-elect John Hill assigned top priority in his new administration to tackling a heavy backlog of pollution cases.

Hill said he also plans heavy emphasis on consumer protection, including a fresh package of legislation in the field, and combatting organized crime through a special, five-member task force of attorneys.

The incoming Attorney Gen. said pollution not only damages the quality of life but is a serious economic factor, especially along the industrialized Gulf Coast.

He pledged to seek accelerated docketing of the air and water pollution cases, quicker filing of new cases submitted by state agencies and fast prosecution by his staff.

CAMPUS TROUBLE

An "extremely volatile" situation on the campus of the University of Texas at El Paso led to sudden appointment of a new president there.

Dr. Arleigh B. Templeton was dispatched to the troubled campus from the new UT-San Antonio which he had been picked earlier to serve as president. UT regents confirmed the selection in an emergency session. Dr. Joseph Smiley resigned November 1 as UT-El Paso president.

The U. S. Justice Department advised UT Chancellor Dr. Charles LeMaistre corrective steps were needed at El Paso

OLD PHILOSOPHER

Dear editor:

Televised football is too good a thing to lose and after working my way through all the post-season and play-off games last week I'm getting concerned.

Like the fruit-starved kid found out Christmas after he ate 14 oranges in a row, you can get too much of a good thing, and if the football promoters keep pouring games at us in one way the same thing is going to happen to us.

So I got to thinking. As you know, the Reader's Digest found out years ago that nobody could read all the magazines published and most articles are too long anyway, so it started picking out the most interesting pieces and condensing them to manageable form, with tremendous success.

Now in the average football game I'd say there's only about 15 minutes of exciting play, regardless of how loud the announcers raise their voice. The rest is half-yard plunge into the line times-out while the quarterback trots over to consult with his coach, incomplete passes, long huddles, interruptions for commercials, boring half-time shows, etc.

The thing to do is play all the games in the morning, cut the film down to the exciting parts, and run say two hours that afternoon of the best parts of four games.

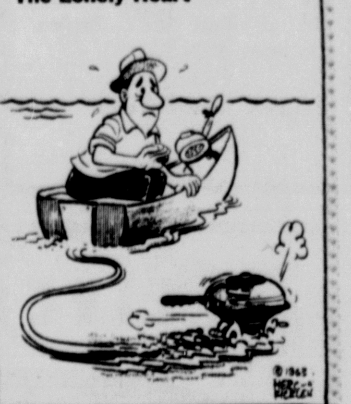

This way a man could see maybe twelve games over the week-end un-bored, whereas now it's all he can do to crowd in four or five and he comes out pretty groggy besides.

As for commercials, that's another problem, but I suppose you could switch them for a change to newspapers, inserting ads right into the sports writer's account of the game. It would go like this: "Catching a down and out pass on his own 30, Bob Hayes headed for the sideline, then cut back (For a shave so smooth you can feel the difference, try triple-edged blades made from British swords) and had daylight between him and the goal line when (Quiet is the sound of an empty billfold, charge it at Joe's Hamburger Palace. There's one near you, or will be soon) he dropped it."

We've got to save televised football. Sports writers will have to look out for themselves.

Yours faithfully,
J.A.

SCS Notes

Cooperators and farmers should make plans in advance for sodding or planting pastures. A recent soil test made within the past twelve months prior to planting grass is now required, if cost share payment is desired through the ASCS of REAP Program.

The purpose of planting pasture grass is to establish a long term stand of

adapted species of grass for grazing. Many benefits will be obtained conservation wise, as a result of establishing a permanent grass cover on the soil. Erosion control will be excellent.

Soil temperature will be regulated during critical periods. There is also a potential on most grass for some hay harvest and wildlife food and cover.

Grass species should not be mixed on tame pasture. A certain species of grass should be selected that is adapted to your soil and climate. Managing the grass when grazing is difficult, unless you select one species and apply the proper management.

Seedbed preparation for the type of grass to be planted is very important. Fertilization of the seed bed at planting and also in the management program are key practices for production of grass.

If you do not plan competition control, fertilization and management of grazing, most pasture plantings will be unsuccessful.

For information on the correct species adapted to your soil, proper seedbed, fertilization, seeding rate, and proper management of grass, contact your local Soil Conservation Service technicians of Soil Conservation District Supervisor.

CORRUGATED STEEL DRAINAGE PIPE

It's Strong & Easy to Install. Uses include road culverts, ditch crossovers, stockwater supply lines, and drive-ways. Durable zinc-coated corrugated steel pipe is available in diameters 6 to 120 inches. Shipment can be made 1 to 3 days notice.

Farmers Must File Estimates

Farmers, ranchers and fishermen were reminded today that Monday, January 15 is the last day for filing their estimated Federal income tax returns for 1972, unless they plan filing their final return and paying the entire tax due on or before Thursday, March 1.

A. P. Andrews, administrative officer of Internal Revenue Service in Temple, explained that those farmers, ranchers and fishermen who file an estimated return on January 15 and pay the tax due thereon have until April 16 to file their final return and pay any balance of tax due. Otherwise, the law requires that they file their final return and pay the full amount of the tax due by March 1.

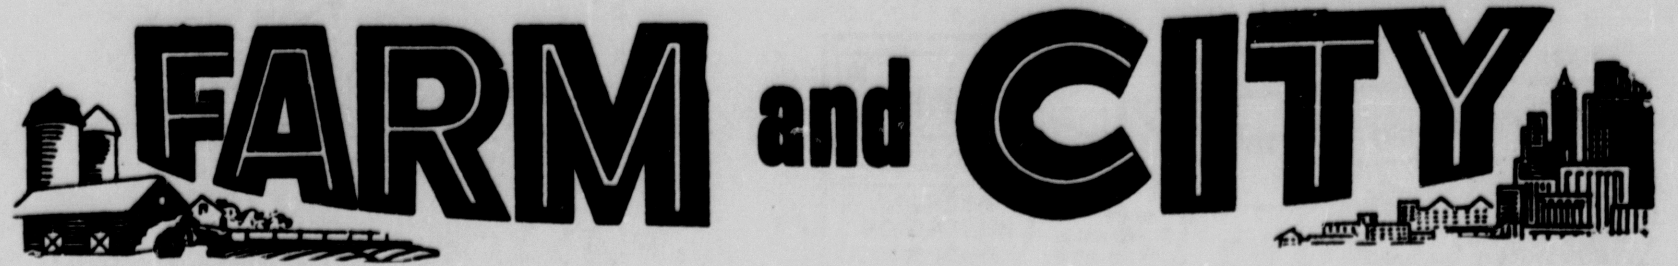

It was cautioned, however, that this option is available to farmers, ranchers and fishermen only. Tax law defines these taxpayers as those who earn two-thirds or more of their gross income from farming, ranching or fishing. If these taxpayers filed a Federal income tax return last year, the necessary forms for this year will be mailed to them. For those who did not file, or for some other reason did not receive their forms in the mail, blank forms are available from any Internal Revenue office or from post offices.

Farmers, ranchers and fishermen must file an income tax return and pay a self-employment tax, if net earnings from self-employment were \$400 or more. However, only farmers and ranchers who have actual net earnings from the operations of their farms of less than \$400, under certain circumstances, elect to pay a self-employment tax under the Social Security system.

The self-employment tax rate is 7.5 percent with a maximum of \$675, and is in addition to income tax.

Many farmers and ranchers can complete their own tax returns by using the helpful free booklet "Farmers' Tax Guide," Publication No. 225, which can be obtained from IRS offices and county agents.

JUDGES CONFERENCE
"County Government--Dollars, Decisions and Directions" will be the theme of the 15th annual County Judges and Commissioners Conference Feb. 7-8 at Texas A&M University.

News From Gause

By Mrs. Wanda Lee

Mr. Roy Crouch passed away Friday night, December 29th in the Hearne Hospital.

Visitors with Mrs. Sarah Bowling during the Christmas holidays were her son, Mr. and Mrs. Maurice Bowling and Bonnie of Pitkin, La. and her niece Mrs. Nadine Bailey Smith of Beaumont.

Mrs. Bertha Denman and family had their Christmas get together December 24 at the Minerva Community Center. Thirty nine were present for the occasion including Mr. and Mrs. Lee Denman and Mrs. Susie Ridge of Spring, Mr. and Mrs. Bobby Denman and children, Mr. and Mrs. Johnny Denman, Mr. and Mrs. G. M. Drago and Janice, Mrs. J. J. Drago, Mrs. Minnie Baldwin, and boys, Mr. and Mrs. Glen Drago and girls all of Houston, Mr. and Mrs. Micheal Whiteley and Vicki, Rev. and Mrs. Charles Denman, Miss Beverly Hubert, Mr. and Mrs. W. C. Shelander, Conley, Wesley, Luther and Collie, Mr. and Mrs. Bill Darwin, Owen and Burge all of Minerva. Then on Christmas 18 of the "Clan"

gathered at Mrs. Denman's home in Gause for lunch.

Mr. and Mrs. Harry Glen Alexander and Joel of Houston spent Christmas with Mr. and Mrs. H. S. Alexander and Margie Nan. Then on Thursday Edward Jones and daughter Nancy of Mart visited the Alexanders.

Visitors during the holidays with Mrs. Ora Todd the J. T. Todds and other relatives included Rev. and Mrs. James Oran Todd and daughter Judy of San Antonio and another daughter Bess and her husband of Waco, Mr. and Mrs. Jimmy Todd of Corpus Christi, Mr. and Mrs. George Stretcher of Longview and Mr. and Mrs. Gordon Gibbons, Mike and Dixie of Austin.

Mrs. Bonnell Cox and Edward Jr. of Austin spent several days during the holidays with Mrs. Cortez Cox and the J. T. Todd family.

Mr. and Mrs. Lee Roy Berhinger of Waco and Mr. and Mrs. Aaron Roy Alford of Rockdale had Christmas with Mr. and Mrs. Roy Fuller and Mrs. Mary Brazell. Other visitors during the holidays were Mr. and Mrs. Ruben

Seelke of Rockdale and Mrs. Deloris Lindley of Seabrook.

Mr. and Mrs. Garland Hux and Staci, and Jeff of Cameron had Christmas with Mr. and Mrs. Cecil Butler.

Mr. and Mrs. Raymond Slay went to Dallas Saturday to visit with their daughter Sandra and to bring their daughter, Cheryl, home from a week's visit with Sandra.

Mrs. Bernice Longmire of Minerva visited Saturday with Mr. and Mrs. Malcolm Timmons.

Mrs. Lillie Harris visited before Christmas with Mr. and Mrs. Jimmy Harris and children in Tyler. From there she went to Birmingham, Alabama and spent Christmas with Mr. and Mrs. Frankie Bud Mathis, Frank Preston and Kenny Wayne. Mr. and Mrs. Bud Mathis of Hearne also spent Christmas in Birmingham and Mrs. Harris returned with them when they came home.

Mr. and Mrs. Sammy Harris of Houston are the parents of a son, Robert Norman, who was born December 8th. Paternal grandmother is Mrs. Lillie Harris, Maternal grandparents are Mr. and Mrs. Norman Ballard of Houston.

Mr. and Mrs. W. H. Synnott of Houston visited here during the weekend.

Mr. and Mrs. Bill Cunningham spent a couple of days during the holidays in Houston.

Christmas guests with Mr. and Mrs. Louie Lange were Mr. and Mrs. Buddy Stuckey and children of Hearne, Mr. and Mrs. Mike Lange and Paula of West Columbia, Mr. and Mrs. August Close and family of Houston.

Christmas day guests with Mr. and Mrs. Koye Cass and Ray included Mr. and Mrs. Jimmy Cass, Dwayne, Lisa and Carmen of Lexington, Mr. and Mrs. Roy Gene Miller and Regina of Milano, Mr. and Mrs. Wayne Albright of Hearne, and Mr. and Mrs. Wayne Lee, Craig, Kelly, Lance and Kristi.

Christmas afternoon the Wayne Lees went to San Antonio where they spent until Wednesday with his mother, Mrs. Ila Mae Lee and grandmother, Mrs. Fannie Holdiness and other relatives.

Mr. and Mrs. Alfred Coats, Sherri, Ray and Kevin spent some of the Christmas holidays in Orange with Mr. and Mrs. Charlie Money and other relatives.

A Weekly Report Of Agri-Business News

Farmcast

Compiled From Sources
Of The Texas Department of Agriculture
John C. White, Commissioner

A Good Year For Agriculture Production... Cotton, Cattle, Citrus Show Good Gains... Pecans Increase... Commercial Vegetable Acres Expand... Grain Sorghum, Peanut, Soybean Production Up From 1971.

All in all, 1972 was a very good production year for Texas. Cotton production probably showed the most dramatic increase. Estimated production now at 3,900,000 bales is 1,321,000 bales more than 1971. Yield per acre for 1972 was almost 100 pounds per acre above 1971.

Texas continued its dominance in the cattle feeding industry during 1972. For most of the year, it was and still is the number one cattle feeding state in the nation. It apparently will retain that honor for some time to come.

Cattle and calves on feed for slaughter in Texas feedlots number 2,225,000 head, up 29 percent from a year ago. Iowa is the second-ranking state in the nation, with 1,689,000 head, far under the total for Texas.

BASED on Dec. 1 conditions, the 1972-73 crop of Texas citrus is forecast at 17,200,000 boxes. This is 15 percent above the production of last season.

Grapefruit production is expected to total 10,400,000 boxes, 13 percent above last year. Early and mid-season oranges are forecast at 4,500,000 boxes, up 18 percent from last season. Valencia oranges are estimated at 2,300,000 boxes, which is 15 percent above last season.

PECAN production for Texas in 1972 was first set at 71 million pounds, which would have been a new all-time high. Latest production figure, however, is 65,000,000 pounds. This still makes it the second largest on record.

It is also almost three times the production of 1971 which was only 24,000,000 pounds.

Texas will produce about one-third of the nation's total supply of pecans for 1972.

EXPANSION of the 1972-73 six major winter vegetables is forecast. An estimated 57,000 acres will be planted to the six major winter vegetables in Texas. The crops are cabbage, carrots, cauliflower, lettuce, spinach, and broccoli.

This acreage will be an increase of nine percent over last season.

In the Lower Rio Grande Valley, acreage of the six winter vegetables is estimated at 39,200 acres, or 16 percent above the 33,900 acres harvested last season. Acreage of carrots, cabbage, lettuce and cauliflower all showed significant increases. Acreage of spinach remained the same as last season while broccoli acreage decreased.

In other areas, acreage is expected to total 17,800 acres for harvest, which is three percent below last year.

GRAIN SORGHUM production in Texas at 456,000,000 bushels was more than 50,000 bushels ahead of 1971. Texas produces about 45 percent of all the grain sorghum in the nation.

PEANUT production was up in Texas this year over 1971 by almost a million pounds. The 1972 production estimate is 456,000,000 pounds.

SOYBEAN production in the state in 1972 is almost double the production in 1971. Texas production for 1972 is set at 5,670,000 bushels.

Burlington News

Long live Shaker quality! Whether in furniture-making or food-preserving, the Shaker name is synonymous with the best. To "excel the world" was their aim, and their cuisine was a good example of their success. Often, seven Kitchen Sisters cooked for more than 80 people—yet they ate delightfully appetizing, nutritious meals.

Dishes like Hancock Pot Roast with Gingersnap Gravy brought raves from the "World's People" who were often invited to share their marvelous table.

The flavor twist is in the gravy. Start with a can of Brown Gravy with Onions and add the zest of apple juice, the zip of cranberry sauce, and the spice of rosemary. Simmer with the roast until serving time, then stir in the crushed gingersnaps. Ingenious!

HANCOCK POT ROAST WITH GINGERSNAP GRAVY

3 to 4-pound rolled boneless pot roast
2 tablespoons shortening
1 can (10 1/2 ounces) Brown Gravy with Onions
1/2 cup apple juice
1/2 cup jellied cranberry sauce
1/4 teaspoon crushed rosemary
2/3 cup finely crushed gingersnaps (about 10)

In large heavy pan, brown meat in shortening; pour off fat. Add gravy, apple juice, cranberry sauce, and rosemary. Cover; cook over low heat 2 1/2 to 3 hours. Stir now and then. Remove meat from pan; keep warm. Skim fat from gravy. Stir in gingersnaps; cook until thickened, stirring. Serve with meat. Makes 6 to 8 servings.

Caraway seeds have been claimed to cure many things—including hysteria.

Canned boned chicken also has the same magical property! When a hurry-up dish is needed, a cupboard full of Boned Chicken can save any busy cook from a bout with hysteria.

Try a savory combination of cole slaw with caraway seed and boned chicken for a very different crunchy summertime salad in cabbage cups. Or, serve Two-Way Chicken Slaw as a sandwich filling for hefty hard rolls.

Combine shredded red and green cabbage and thinly sliced onion with cut up boned chicken. Toss with creamy Russian dressing, imitation bacon flavored bits, and caraway seed.

Served as a salad or a sandwich filling, Two-Way Chicken Slaw will bring a cool, calm, and collected hostess to the table.

TWO-WAY CHICKEN SLAW

1/2 cup red cabbage
1 1/2 cups green cabbage cut in long thin shreds
1/2 cup thinly sliced onion
1/2 cup bottled creamy Russian dressing
2 tablespoons imitation bacon flavored bits
1 teaspoon caraway seed
2 cans (5 ounces each) Boned Chicken or Turkey, cut up
Cabbage cups
Shredded mild process cheese

In bowl, lightly toss all ingredients except cabbage cups and cheese; chill. Serve in cabbage cups; garnish with cheese. Makes about 3 cups.

For Sandwiches: Omit chilling chicken mixture. Spoon chicken mixture on 4 long hard rolls, slit and toasted; garnish with cheese. Broil until cheese melts. Makes 4 sandwiches.

The Cameron Herald

For and about WOMEN

Page 6 Cameron, Texas, Herald, January 4, 1973

Start Year Right With Variety In Meals

If you didn't make a New Year resolution to add variety to your meal planning, it isn't too late to at least make a mental note to add some spice to those ordinary and, let's face it, sometimes dull daily dinners.

The Herald offers so-

me budget wise and palate pleasing recipes that will give you a new start such as the Gourmet Mushroom Sauce that brings the oft served potatoes, noodles or rice out of the realm of just another side dish, or the Shaker inspired

Hancock Pot Roast with gingersnap gravy.

Two-way chicken slaw gives a double bonus because left-over

Christmas turkey stored in your freezer can be substituted for the chicken or canned chicken can be used by the busy housewife.

Honey specialties such as good old beef stew can be a triumph of taste when made to produce the most flavor from the ingredients. Ac'cent is wonderful for blending all the savory flavors together and bringing out the meaty essence of the beef. Our recipe was designed to make the greatest beef stew ever. For further flavor tips, send for the free leaflet "Flavor Is the Heart of Your Cooking" available by writing to Suite 1100, 551 Fifth Avenue, New York, N.Y. 10017.

The World's Greatest Beef Stew

2 pounds beef chuck, cut in 1 1/2-inch cubes
1/4 cup flour
2 teaspoons Ac'cent
1 teaspoon salt
1/2 teaspoon pepper
1/4 cup butter or margarine
4 beef bouillon cubes
4 cups water
1 bay leaf (whole, not crumbled)
6 whole cloves
12 small white onions, peeled
6 medium carrots, pared and cut in 1-inch slices
6 medium potatoes, pared and cut in 1-inch cubes
1 package (10 ounces) frozen green peas
Chopped parsley

Trim excess fat from beef. Mix flour, Ac'cent, salt and pepper in small bowl. Add beef cubes, 3 or 4 at a time, and coat with flour mixture; shake well to remove excess. Reserve left-over flour mixture for thickening gravy.

Melt butter in Dutch oven or heavy skillet over moderately high heat. Add beef and brown well on all sides; do not crowd in pan. Add water, bouillon cubes and bay leaf. Bring to a boil. Reduce heat and simmer, tightly covered, for 1 1/2 hours or until the meat is almost tender. Remove bay leaf. Stick cloves into 3 of onions. Add all of onions, carrots and potatoes to beef. Cover and simmer 25 minutes, until vegetables are tender. Break up frozen peas or place under cold water to separate; add to stew. Blend reserved flour mixture with 2 tablespoons cold water until smooth; slowly stir into cooking liquid. Cook, stirring constantly, until gravy is thickened. Simmer 5 minutes, until peas are tender. Remove from heat and serve sprinkled with chopped parsley.

Makes: 6 servings.

Glory be the "spud!" Also known as tuber, 'tater, and potato. It's hard to believe that potatoes were at one time thought to be unfit for human consumption. In fact, a concerned group in 17th-century Ireland formed a ban-the-potato club called S.P.U.D. or "Society for Prevention of Unsatisfactory Diets."

The nickname "spud" stuck with the potato; but, thank goodness, unfounded objections have long since been forgotten. Today the potato is a staple in Ireland and a valuable, nutritious, and delicious contribution to diets 'round the world.

We'd like to salute the "spud" with a gourmet sauce that will turn the 'tater into a side-dish fit for company fare. The sauce is half ready when you start with timesaving canned Mushroom Gravy.

Then, elegant additions of chopped green onion, dry white wine, tomato paste, and chopped parsley turn good gravy into a great sauce. Try it, too, over noodles and rice.

GOURMET MUSHROOM SAUCE

2 tablespoons chopped shallots or chopped green onion
1 tablespoon butter or margarine
1/4 cup Chablis or other dry white wine
1 can (10 1/2 ounces) Mushroom Gravy
1 tablespoon tomato paste
2 tablespoons chopped parsley

In saucepan, cook shallots in butter until tender. Add wine; simmer a few minutes. Add gravy and tomato paste. Heat; stir now and then. Stir in parsley just before serving. Makes about 1 1/2 cups sauce.

Births

To Mr. and Mrs. Ralph N. Johnson, a girl, Tammie Lynn, 7 pounds 12 ounces, born 2:15 a.m. December 29 at St. Edward Hospital. Grandparents are Mrs. Salie Eaton of Buckholts and Mr. and Mrs. Richard Johnson of Cameron.

State Law Changes Urged To Help Families In Crisis

Is the family passe? Marriage an outmoded and irrelevant institution in the Age of Aquarius?

Few would go so far as to write the family off as our basic social institution. But many in a position to know say the family is in trouble, deep trouble, and it needs all the help it can get -- from the state, from the church, from the social sciences.

"One of the most pressing needs," says Eugene L. Smith, chairman of the Family Law Section of the State Bar of Texas, "is to set up legal machinery that will give efficient help to families in crisis." A prominent

church group, the Christian Life Commission of the Baptist General Convention of Texas, agrees and has urged support for family law reform.

Until recently most of Texas family law was the product of the nineteenth century. It was law that reflected the living patterns of the rural grandparents of today's parents. And the grandparents lived in an age when "nice" people did not get divorced and when most people lived, married and died in the counties where they were born.

Today's Texas families troop through the divorce courts in ever-increasing

numbers (more than 60,000 in 1971) and move about the country with frenetic frequency. But horse-and- buggy law, say the lawyers and judges, is totally inadequate to cope with the problems created by the accelerated pace of twentieth-century family life.

The State Bar of Texas will present an ambitious and far-reaching plan for family first aid when the Texas Legislature meets in Austin in January.

The proposals, known officially as Titles II and III of the Texas Family Code, are the results of seven years of research by hundreds of trained persons.

They will be embodied in four legislative bills.

Basically the bills deal with children and the parent-child relationship. The areas to be covered include:

1. Custody, support and visitation of children whose parents have been divorced.
2. Adoption.
3. Rescue and protection of abused children.
4. Juvenile delinquents and children in need of supervision.
5. Support for children

born out of wedlock.

The new laws, if passed would be the continuation and completion of a family law reform program begun by the State Bar in 1965.

Two segments of the new Code have already been enacted -- an updated matrimonial property act in 1967 and revised marriage, divorce and annulment laws in 1969. Passage of the new bills would make Texas the first state in the nation with a modern, comprehensive family code.

TIPS FOR OUTDOORSMEN

by Vern Sanford

Check And Double-Check Is Bass Angler's By-Word

PART II

Every master bass fisherman heads for the lake fully prepared. Hence a thorough check of all gear before he ever leaves home. Long ago he learned by experience, that advance preparation pays handsome dividends—namely the landing of a lunker bass.

Check All Gear Carefully

He checks to see that each of his four or five rods is solid, has no cracks or breaks of any kind—anywhere; that the lineguides are smooth on the inside, with no rough spots or abrasions; and that the tip-top guide is cemented on tightly.

Furthermore, he corrects immediately any faults he finds. Next he makes a critical inspection of the reel—takes it apart, cleans, oils and greases it thoroughly.

If a break-test reveals a weak line he replaces all the line on the spool. If the line is strong but the supply is low he adds more line, filling the spool to within 1/8" of the lip and no more.

He knows that a properly filled spool means easier casting and fewer lost fish. Also he realizes that nylon line stretches. Therefore he doesn't fill the spool to overflowing, for after battling with a lunker he may not be able to bring the bass in close enough to net.

Always Carries Spare Line

In case of emergencies Mr. Cautious Angler invariably carries in his tackle box an extra spool or two of brand new line.

Once he has seated the reel secure-

ly in the rod handle the angler will tie the end of the line to the shank of the rod, or attach a snap swivel and loop the line around the rod.

If he is taking along a closed-face reel for top-water fishing in open areas, he ties the end of the line to a round paper clip to prevent the line from retreating through the bungee-hole in the reel cap.

For safety reasons he does not attach a lure until ready to make the cast.

Other items on his must list include an extra supply of gasoline; a tool kit for emergency repairs; a jug of ice water; an icebox of refreshments; at least three rods with matching reels for worm fishing, bait casting and top-water angling.

Also an anchor or two, a bail bucket, a flashlight, a hook pole, two paddles, a seat cushion for each passenger and we hope a "coast-guard approved" life vest for everyone aboard.

Depth Finder Now A Must

Naturally there are other essentials such as a trolling motor and a depthfinder, together with the necessary batteries to operate the 100 H.P. or larger powerhouse on the transom, the troller on the bow and the fish locator in between.

All of which explains why today's bass boats carry only two passengers and have grown in length from 14 to 15 to 16 footers; while the lure cases have expanded from cigar-box-size to six, seven and eight deckers.

And the best is yet to come, for new gadgets for fishermen are being manufactured every day.

SPORTS

Yoe Nips Rockdale

By Marilyn Hank

The Cameron Yoemen defeated the Rockdale Tigers Friday night in Rockdale. Though the Tigers started out in the lead for the first few minutes the Yoemen gained the lead in the first quarter and held it for most of the game.

Parker Peebles of Rockdale was high scorer for the game with 17 points. Sam Ellison was high scorer for the Yoemen with 16 points by making 7 field goals and 2 free throws.

Harry Brooks, Pat Sheguit, and Jackie Chubb each scored 12 points. Eight points were scored by John Barron and 4 by Will Turner. David Hollas and David Hornung also scored. Hollas with 2 points and Hornung

with 1

FRESHMEN

The Freshmen played against Rockdale Friday night and lost 53-74. Stardman was high scorer for the game with 16 points. Hollas was high scorer for the Yoemen with 11 points.

Rockdale also defeated the Yoe Junior Varsity. Thomas of Cameron was high point man of the game with 19 points. Spence was high point man of Rockdale with 15 points.

Also scoring for the Yoemen were Henry-10 points. Hornung-9. Sapp-4. Daniels-4. Zarosky-2. and Majors-2.

NEW YEAR QUICKIES:

Well, it is college football recruiting time again and the coaches claim the crop in Texas may be the best in years. Baylor's Pat Culpepper sez the Baptists are getting a rousing reception following Grant Teaff's terrific '72 inaugural at Waco. Some things don't add up. If, as Pen n State's Joe Paterno was quoted by AP, Oklahoma's talent is so much better and deeper than that he saw at Texas for the '72 Cotton Bowl, why do some people consistently downgrade Darrell Royal's coaching ability by saying "Even you and I could win with that material"?

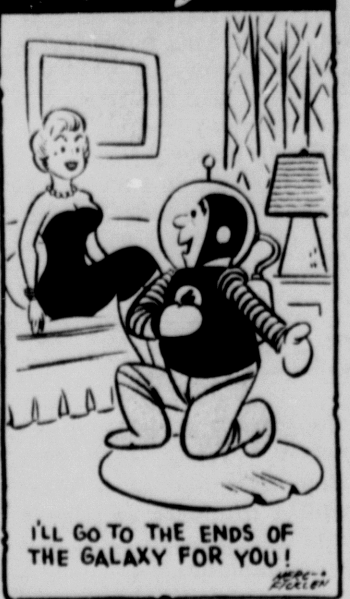

One SWC assistant coach, after the Odessa Permian state championship victory over Baytown Sterling at Austin, said, "That man right over there did the best coaching job in the state

this year." He was singling out Al Dennis, the youthful Sterling mentor, whose tears were as evident as those of his even younger players. "Baytown Sterling," the SWC Tutor continued, "was a little young to really come this far. Al and his staff did an incredible job."

We agree. But, we must also recognize another super coaching effort by L.Z. Bryan and his staff at Brazoswood, a school only three years old. There was another miracle job and but for one cruel twist of fate Brazoswood and Sterling would have met in the Semifinals. Yes, we know there were super coaching jobs done in other spots, but these two schools are mere babies in this state playoff biz. Word out of Arkansas is that Quarterback Joe Ferguson went to Frank Broyles before the Tech game and suggested he start someone else, since he had been unable to

move the Razorbacks. Quite a gesture by a fallen star, if true. Soph Scott Bull, you recall, led the Hogs to an upset over Sun Bowl bound Tech... Happy New Year!

Obituaries

Ross

Mrs. Frances D. Ross, resident of the Salem community, died in a local hospital Sunday night following an extended illness.

Funeral service was held at 10 a.m. Tuesday at St. Monica's Catholic Church, Rev. John Geirser officiating. Burial was in the Salem Cemetery.

Rosary was recited at 7:30 p.m. Monday in the chapel of Green Funeral Home.

Mrs. Ross is survived by one brother, Henry Passinger of Mobile, Ala., and other relatives.

Cabrera

Trinidad Cabrera, 70, of 1505 N. Travis, died Saturday morning in a local hospital following an illness of several weeks. He was retired farmer.

Funeral service was held at 1 p.m. Monday at the Blesses Sacrament Catholic Church, the Rev. Jimmy Greenweld officiating. Burial was in St. Monica Cemetery.

Rosary was recited at 7:30 p.m. Sunday in the chapel of Green Funeral Home.

He is survived by his wife, Cruz Cabrera and two foster daughters.

Hamby

Robert W. Hamby, 46, of Rosebud died Thursday in Austin. Cause of death is under investigation.

Graveside service was held at 2 p.m. Sunday at Powers Chapel Cemetery near Rosebud, the Rev. R. L. Brown officiating.

Mr. Hamby was born in Palestine and lived most of his life in Falls and Milam Counties.

Surviving are his mother, Mrs. Hattie Hamby of Rosebud; four brothers, L. B. Hamby, Archie Hamby, Paul Ray Hamby and J. W. Hamby, all of Rosebud and two sisters, Mrs. Thomas Sanders and Mrs. Glenn Haggood, both of Waco.

Crouch

Roy O. Crouch, 74, of Gause, died Friday afternoon in a Hearne hospital after a long illness.

Funeral was held at 2 p.m. Sunday in Phillips and Luckey Funeral Home in Rockdale. Burial was in Gause Cemetery.

He was born in Oxford, Miss. and came to Texas early in life. He lived in and around Gause for most of his life. He was a farmer and rancher.

Surviving are his wife, Oweda Crouch; three sons, J. D. Crouch of Longview, Roy E. Crouch of Gause and Iva Crouch of Houston; three daughters, Mrs. Hattie Cox of Bellaire, Mrs. Ida Faye of Morgan of Houston and Mrs. Bobbie Mae Hairston of Gause; a brother, T. W. Crouch of Dallas; four sisters, Mrs. Maggie Young and Mrs. Ruby Braden of Cameron; 12 grandchildren; three great grandchildren, three step grandchildren and six great grandchildren.

Rozner

Antone Rozner, 89, died Sunday morning in a local hospital after a long illness.

Funeral was held at 10 a.m. Tuesday at SS. Cyril and Methodius Church in Marak, the Rev. Peter Noble officiating. Burial was in the Marak Cemetery.

Rosary was recited at 7 p.m. Monday at the Marek-Burns-Laywell Funeral Home.

Mr. Rozner was born Jan. 1 in Czechoslovakia. He was a retired farmer and had lived in Milam County for the past 70 years. He was a member of the SPJST Lodge in Cameron.

Surviving are two sons, Joe Rozner and Eddie Rozner of Cameron; two daughters, Mrs. Sophia Faichtenberger of Archer and Mrs. Tonia Krenek of Cameron; 11 grandchildren and 16 great grandchildren. Grandsons were pallbearers.

Rolf

Mrs. Alousia Rolf, 94, of Buckholts died Saturday in a local nursing home after a long illness.

Funeral was held at 1:30 p.m. Monday at St. Monica Catholic Church in Cameron, the Rev. John Geirser and the Rev. William Benesh officiating. Burial was in Corinth Cemetery near Buckholts.

Rosary was recited at 7 p.m. Sunday at Marek-Burns-Laywell Funeral Home.

Mrs. Rolf was a member of the SPJST Lodge in Buckholts.

Surviving are three sons, Henry Horelich of Temple, Otto Horelich and Adolph Horelich, both of San Antonio; six daughters, Mrs. Millie Sparta and Mrs. Clara Baca, both of Wharton, Mrs. Lillie Hundt of Minerva, Mrs. Mary Burchfield and Mrs. Augusta Sturn, both of San Antonio and Mrs. Luda Necas of Fort Worth; 18 grandchildren; 23 great grandchildren; and three great great grandchildren.

RUDOLPH RICHTER

Richter Retires From Coca Cola

Fond memories of a full, long career with the Coca Cola Bottling Co. now belong to Rudolph Richter of Cameron, who retired December 31 after more than 48 years of continuous service.

He was first employed by Coca Cola by Claude and Mack Akers when the plant was located in the Monroe Building next to the fire station.

He was employed as a route truck salesman in 1924 and worked the sales route in Milam County. In 1936 when the operation was purchased by Fred G. Blake, Richter continued to work as a route salesman until 1954, when he was made manager of the vending machine and cooler repair department which position he held until retirement.

During his employment with Coca Cola Bottling Co. of Cameron one of his main achievements was a safe driving without accident.

Richter is married to the former Miss Lilly Schrieber and has a daughter, Mrs. Joe Zarosky Jr. and two grandchildren.

CARD OF THANKS-

The family of Mrs. Clay Dockery wishes to thank everyone who did any kindness for us or our Mother while she was in the Cameron Nursing Home.

We especially want to thank the Doctor's and nurses at the home, the Reverend Alvis Coleman and the Pall Bearers: Ray Sims, Larry Sims, Victor Carleton, Ray Westbrook, John S. Batte and Van Reed.

We deeply appreciate the flowers, food and cards that were sent at our time of sorrow.

BRIGHT IDEAS
by Sylvan Lumiere, GTE Sylvania
Lighting and Design Director

Color It Right

When you buy lights for your home, don't forget to consider the effect of light on the color combinations you choose. Colors do not look the same under electric light as they do under sunlight.

What kind of illumination is best for you? Today, while incandescent is still the major light source in the home, fluorescent lighting is preferred in many instances. It produces up to five times as much light, using the same amount of electricity... yet lasts nine times longer. Also fluorescent light is soft and diffuse, with far less glare and shadow. GTE Sylvania has eight

need for drug abuse treatment and rehabilitation at the local level.

MENTAL HEALTH MATTERS

Bertram S. Brown, M.D., Director
National Institute of Mental Health

Community Grants

If the war on drug abuse is ever to be fully won, the communities—where the actual and potential victims of drug abuse live—are the battlegrounds where the victories that will win the war must be achieved.

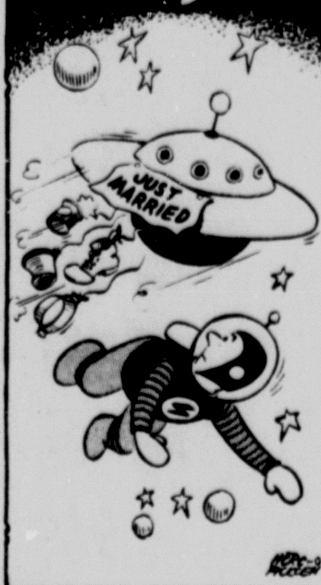

This is why assistance to communities throughout the Nation to develop drug abuse programs is so vital.

Thus, community grants form an important and essential part of the resources being provided from HEW's National Institute of Mental Health and the White House Special Action Office for Drug Abuse Prevention.

Exemplifying this, NIMH and the Special Action Office have in recent months announced 32 new grants of nearly \$6,000,000 to assist community agencies in developing and providing treatment and rehabilitation services to narcotic addicts and drug abusers.

These brought to 83 the number of such community service programs funded by the Institute in response to the

Out of Orbit

kinds of fluorescent bulbs. Choose the styles that will flatter your home:

Q Natural White has a delicate warm pink cast, emphasizing and accenting almost all colors and giving them a bright, clear, natural appearance.

Q White has a yellowish cast. Emphasizes yellows, yellow-greens, oranges. Good with tans, pinks, green. "Greys" blue tones. Q Warm White gives a beige cast, close to incandescent. Makes reds and yellows warm and bright, brings out the yellow in green, adds a warm tone to blue.

Q Deluxe Warm White gives a warmer beige cast. Brightens and enriches reds and yellows. Deepens blues and greens. Blends well with incandescent.

Q Incandescent-Flourescent has a pink cast, clarifies and brightens some reds, pinks and tans. Fairly flattering to complexions. Dulls yellows and "greys" greens closest to incandescent color.

Q Cool White has a blue-grey cast, blends well with natural daylight. This is used widely in business and industry.

Q Deluxe Cool White has an added red element that gives it a warm grey cast and improves rendition of reds. Shows almost all colors without distortion.

Q Daylight has a blue cast similar to the "north light" of natural daylight. It makes blues and greens bright and clear, "greys" reds, oranges and yellows. It's not recommended for use where personal appearance is important, because it has an unflattering effect on complexions.

Take this guide with you when you go shopping for fluorescent lamps, and avoid the "why-does-my-green-sofa-look-yellow" blues.

CALL 697-6671

TEMPLE KARATE CLUB has moved into new location and is now able to accommodate 50 or more students. T.K.C. is offering a special discount on six month courses. It is by far the best

mental and physical course offered today. Learn the Art of the Empty Hand. For more information contact Mr. Lawler, 323 W. Avenue G, Temple, Phone 778-8031 or 773-3835. Troy office 938-2595. Cameron office 697-2173. 82-4tc

CONVERTS

Rabat, Morocco, Reuter - In the last ten years a total of 682 foreigners have converted to the Moslem faith in Morocco, according to official figures published here.

KEENEYE'S TIPS
ON SHOOTING

Crows provide good hunting during the summer months and insure a higher duck population in waterfowl nesting areas. A crow will kill each year about 110 ducklings and eggs.

Use Grandma's Secret
Time-Saver to Provide
Extra Minutes Today

Grandma didn't have all the
nifty gadgets and convenience
foods available to today's
women, yet she too had ways

of saving time. For grandma
a savory pot-roast was a time-
saver as she used to advan-
tage those long hours while

the beef braised for kitchen
pursuits such as canning and
making bread.

Grandmother's Pot-Roast

4 to 5-pound rolled
boneless beef pot-roast

2 tablespoons cooking fat
1 1/2 teaspoons salt
1/2 teaspoon pepper
1 medium-sized onion,
sliced

1/2 cup sliced celery
1/2 cup water
2 pounds rutabaga, pared
and cut in 1-inch cubes
(about 4 cups)
Flour for gravy

Brown pot-roast on all sides
in fat or drippings. Pour off
drippings. Season with salt
and pepper. Add onion, celery
and water. Cover and cook
slowly 2 hours. Add rutabaga

and continue cooking 1 hour
or until meat is tender.
Remove meat and rutabaga.
Let meat stand 15 minutes
before carving. Thicken cook-
ing liquid with flour for
gravy. 10 to 12 servings.
